RIDER ED

What a Fall. Some of us are still riding Tue. evenings. Rides aren't as long but with the darkness, deer and cold problem just as well.

I rode down to visit John Hall. He's starting to work on snowmobiles but still do our bikes if needed.

Call first. If you people that are done riding can get me you mileages for 2011 or if your still riding after 1st of year will be ok.

Keep a sharp look out on the roads, leaves, slush, wet. Be Safe
